**Civil Action No. 4:24-cv-010-O-BP**

**FINDINGS, CONCLUSIONS, AND RECOMMENDATION  
OF THE UNITED STATES MAGISTRATE JUDGE**

On July 9, 2024, the parties filed an Agreed Motion to Dismiss with Prejudice (ECF No. 59), signed by Plaintiff and counsel for Defendants, requesting that the Court dismiss all claims in this lawsuit with prejudice, each party to bear his own its own costs. This case was automatically referred to the undersigned pursuant to Special Order 3 on January 4, 2024. ECF No. 14. Under Federal Rule of Civil Procedure 41(a)(1), the undersigned finds that the Motion should be **GRANTED**.

Accordingly, the undersigned **RECOMMENDS** that United States District Judge Reed O'Connor **GRANT** the Motion (ECF No. 59) and **DISMISS** Plaintiff's claims against Defendants **with prejudice**.

A copy of these findings, conclusions, and recommendation shall be served on all parties in the manner provided by law. Any party who objects to any part of these findings, conclusions, and recommendation must file specific written objections within 14 days after being served with a copy. *See* 28 U.S.C. § 636(b)(1)(B) and Fed. R. Civ. P. 72(b)(1). In order to be specific, an objection must identify the specific finding or recommendation to which objection is made, state

the basis for the objection, and specify the place in the magistrate judge's findings, conclusions, and recommendation where the disputed determination is found. An objection that merely incorporates by reference or refers to the briefing before the magistrate judge is not specific. Failure to file specific written objections will bar the aggrieved party from appealing the factual findings and legal conclusions of the magistrate judge that are accepted or adopted by the district court, except upon grounds of plain error. *See Douglass v. United Servs. Auto. Ass'n*, 79 F.3d 1415, 1417 (5th Cir. 1996) (en banc), modified by statute on other grounds, 28 U.S.C. § 636(b)(1) (extending the time to file objections to 14 days).

**SIGNED** on July 10, 2024.
